TORG'S HEALTH GUARANTEE

Torg's Labs guarantees that your puppy is free of Hip Dysplasia, and will not be affected by EIC (Exercise Induced Collapse) or CNM (Centronuclear Myopathy) and Eyes can obtain a CERF number.

In the unlikely event that the dog is found to have hip dysplasia or cannot receive a CERF registration, the pup will be replaced with a pup of equal value.
Dewclaws are removed from your pup at 3 days of age, on rare occasions they grow back. If this happens it is the new owners choice to leave them or remove them and the cost if removed is not covered by Torg's Labs.

Guidelines:
The dog must be registered with AKC within 6 months of purchase. Torg or Torg's must be use in the AKC registration of the dog's name to honor this guarantee. It maybe used before the name or at the end the name such as "Torg's Hammer or Hammer of Torg."

Hip X-rays must be submitted to OFA or Penn-hip after 24 months of age and no later than 26 months. Eye exams evaluated by Canine Eye Registration Foundation (CERF) certified ophthalmologist

To ensure defects will not be passed on, the buyer, at his/her expense must spay or neuter the puppy/dog and the dog's AKC papers returned before a new puppy will be granted. Written verification that the procedure was performed sent to us by the vet. The dog does not have to be returned and may remain with the buyer.
- Dog must not have whelped or sired a litter, have been injured, or suffered an extended illiness.

- Hips must not be x-rayed 30 days before or after a female's heat cycle or if pregnant.

-This guarantee covers genetic hip and eye disorders only and not damage due to injury or imposed causes such as malnutrition.

A copy of x-rays and dog medical records must be summited to us. We may require additional x-rays taken at buyers expense.

-This guarantee is in effect for 26 months from the date of birth to the original purchaser only, and is not transferable.
